Newsletter 22.6.20

Dear Parents/Carers,

Pupils

Today we welcome back some of our Year R and Nursery children to school, this is in addition to our Year 6, 1 and key worker children who are already in attendance. Everybody has followed our guidance on returning to school very well, and we want to say a big thank you for this. It has taken weeks of planning to be able to be in position to offer a safe, welcoming environment for our pupils and staff and we thank you for all of your support during this time. We continue to offer home learning and welfare calls to our pupils who have not returned, and staff are contactable via email or through the school office.

Transition for September

This week you will receive an email from your child's teacher for next year. They will introduce themselves and send a photograph of themselves too, so that your child is fully aware of who they are. If your child has any questions they are welcome to email the current class teacher who will forward them on. You will then receive a second follow-up email from the new teacher answering questions and queries the week after.

Lunch Money and Uniforms

If you are entitled to a refund for any lunch money you will receive a text from the school office. Information on ordering uniforms has also been sent via text. For more details and to order visit info@border-embroideries.co.uk

Website

There is a new section on our website all about returning to school with information for pupils and parents. We will also be uploading any letters we send out to this section.

Thank you once again for your continued support as we strive to return to school happy, safe and settled.

Mrs Brunton and Mrs Thompson

Acting Heads
